Question Number _____

Do not write in this column

Types of knowledge.

- Factual/declarative
- Procedural
- Relational/Propositional
- Causal.
- Conceptual
- Strategic
- Metacognitive
- Epistemic.

⇓ Decision Choice.

What is critical thinking

(Reasoning)

organized graphs

(;) Inductive (pattern facts →

(;) Deductive (Rule driven)

(;) Abductive (Diagnostic

Analogic (Domain

~~Causal~~

Counterfactual (Boundary testing elenchus triangulation

☆ new knowledge

☆ new choices/ actions

Dialectical (adversarial framework synthesis & antithesis)

'experiential'

Question Number _____

Do not write in this column

Assess grade attainment

critical thinking

Elder 6 levels.

8 elements of Thought

- Purpose
- Question at Issue/Problem
- Information
- Interpretation & Inference
- Concepts
- Assumptions →
- Implications & Consq
- Point of view

⇒ Prerequisite

Hamming distance

Synthesis of knowledge.

Intellectual Stds

Paul-Elder Quality

- clarity
- depth

Structural learning Outcomes

- prestructural.
- unistructural.
- multistructural.
- relational
- extended abstract

☆ Factor Analysis

Statistical evaluation students have attained.
